v.

Raritan Valley Habitat for Humanity, et al

Your Honor:

Our claim has merit and is vital to us, the citizens of New Jersey and all disabled Americans to have equal housing choice and greater housing opportunities without discrimination as set forth in all the fair housing laws.

The injuries that we sustained which lead to our disabilities make it necessary for us to receive income and housing assistance. Due to our low income status, we applied and were accepted into the New Jersey Department of Community Affairs Public Housing Authority's Home Ownership Program in 2005. We were hopeful that we would now realize our dream of an accessible home of our own.

We chose Habitat for Humanity because of their mission to help people with low income to "be successful homeowners". We read that local Habitat Affiliates, here in New Jersey had built handicapped accessible homes in Morris County, Plainfield and Atlantic City. It has been eleven years (11) since we started the process to become homeowners. The housing discrimination we have endured at the Federal, State and local levels has been the source of our unsuccessful bid for an accessible home. The fair housing laws are clear about disability discrimination, yet is our experience that the very laws written for protection are clearly not respected or enforced by the agencies and organizations that are to uphold them..

While we understand the broader concepts of the law outlined in the FHA, ADA and HUD, the legal issues in our claim are very complex and without an attorney to represent us, we would not be able to present a complete and effective case. We lack the knowledge of court rules and procedures and the intricate law necessary to translate our issues and injuries into the appropriate law and remedies. In addition, our disabilities inhibit and would often prohibit our ability to participate in the court process and proceedings requisite to our success.

Our election to file Pro Se is due to the fact that we cannot afford to hire counsel to represent us. It is our hope that your will see the merit of our claim and grant our Motion For Pro Bono Counsel. In our research, we have found two outstanding firms that specialize in fair housing cases. Lowenstein, Sandler, which has a local office here in New Jersey, is committed to pro bono work exclusively through their Lowenstein Center for the Public Interest. The D.C. firm of Relman, Dane and Colfax, is also one of the best and takes cases in all parts of the country. Both firms have been beyond our reach, though, we are hopeful that if a suggestion of this court is possible, we might have a chance at representation by either firm.

We need to present our case and with pro bono counsel, have the opportunity to win a victory, not only for ourselves, but for all people with disabilities seeking to have their own homes with a just process free of discrimination.

Respectfully submitted, this 7th day of April, 2016,

Cynthia Baker
